

HOW TO HANG YOUR BARN BANNER

1. Using a level and a pencil, draw a horizontal mark below where you want to situate the top of the Barn Banner. For the 4'x4', make this mark a foot below the top edge of the Barn Banner, and for the 2'x2', make it six inches below.
2. Use a level and a screwdriver to mount the French cleat to the wall.
3. Hang the Barnbanner on the cleat.
